

LICENSING CONDITIONS FOR THE USE OF THE SOFTWARE INDIFRAG v2.1

This License governs use of the Software IndiFrag v2.1, and the User use of the Software constitutes acceptance of this license.

The *Universitat Politècnica de València* (UPV) is the owner of the rights to use the computer programme and user manual. The computer programme and all the elements that make it up, such as algorithms, protocols and interfaces that UPV delivers to the User are considered to be confidential information and, therefore, may not be used for any purposes other than those expressly specified in this license, or communicated to third parties unless expressly authorised by UPV.

In all distribution of or public communications made concerning the computer programme, the authors shall always be cited. In any case of publishing results, the only strict obligation is to acknowledge the origin and ownership of the Software IndiFrag by means of the following publication:

<< Sapena, M., Ruiz, L.A. 2015. Description and extraction of urban fragmentation indices: The IndiFrag tool. *Revista de Teledetección*, [S.l.], n. 43, pp. 77-90. ISSN 1988-8740. doi: <http://dx.doi.org/10.4995/raet.2015.3476> >>

Notwithstanding, the use of the UPV name for publicity purposes shall require prior authorization in writing from the relevant bodies of the aforementioned.

The User expressly assumes the duty to take all reasonable measures to protect the Software from theft or from unauthorized uses pursuant to the terms of this license.

The User undertakes not to practice any of the following activities:

- Modify, disassemble, decompile or carry out reverse engineering on the Software in any other way;
- Share the Software or any part of them with third parties, the User acknowledging that the Software contain and constitute UPV confidential information.
- Copy or reproduce the Software, save for making the copies of the Software required for appropriate filing purposes; or
- Transfer, release, rent, sub-license or in any other way distribute any part of the Software to any other person or entity, whether on a temporary or permanent basis.

The User may use this Software for any non-commercial purpose, subject to the restrictions in this license. Some purposes which can be non-commercial are teaching, academic research, and personal experimentation. The User may also distribute this Software with books or other teaching materials, or publish the Software on websites, that are intended to teach the use of the Software. The User may not use or distribute this Software or any derivative works in any form for commercial purposes without written rights from the authors of this Software.

This license does not imply the concession of any type of exclusivity or guarantee, neither does it entail any liability whatsoever for the derived use of the Software. This Software is provided by the authors "as is" and any express or implied warranties, including but not limited to the implied warranties of fitness for a particular purpose are disclaimed.

Therefore, UPV cannot and does not guarantee the performance or results obtained by using the Software. UPV does not give, and the User does not receive any other guarantee, explicit or implicit, regarding the Software performance or the results obtained through using it, and expressly excluded are all and any guarantees of commercial viability or of suitability for a specific purpose.

Under no circumstances shall the authors of the programme or UPV be liable to the user or to third parties for any damages, including loss of profit, loss of savings or any other type of damages arising as a consequence of its use, its use being at the full risk of the user.
